Africa Evangelism is under the oversight of the elders at the 70 W Church of Christ, Hot Springs, AR.

Greetings from Nigeria!

I am writing this email to you from Port Harcourt, Nigeria. Today, we celebrated a graduation at the Bear Valley Bible Institute school here in the city.

Last week, I was at the West Nigeria Christian College. We visited a prison where we hope to continue to launch a prison training program 3-days a week.

I was also at the Southwest School of Evangelism, Ibadan, for their 23rd lectureship. This year's theme was on counseling and it was well-received and well-attended!

week and visit several area projects. The next week, I'll be in Ugep, Cross River State to see about some possibilities there and then up to Ogoja for the 2025 Great Workshop. I'll have more on those visits in the next newsletter.

Three Big Needs

Each month, I want to showcase 3 big needs for the month. They may be from my mission efforts directly or help needed for another trusted mission partner.

1. We have a church building opportunity in Aramoko, western Nigeria. The building that they have was flooded and they need to shift to a new place. The preacher in this young church could also use some short-term personal support.
2. We have multiple requests for motorcycles which are so NEEDED and USEFUL on these Nigerian roads! They cost \$1,000.
3. Our school at the Southwest School of Evangelism is in need of solar panels on their new hall. The cost is going to be round \$3,000.

Three Prayer Points

1. **JOSEPH EZE** and his team in Kogi/Enugu states, Nigeria will be travelling for evangelism. They are concerned for their safety and efforts.
2. **NIATS** (Nigerian Institute of Arts & Theological Studies) has a new director: Solomon Usim. He has a big job to bring NIATS up to a good standard. Please pray for his efforts and success.
3. **CHAD WAGNER** is in Nigeria for the entire month of February. He is on his regular spring trip and would appreciate any prayers for safety and health.
